

FLOATING PLANT ISLAND

Floating Plant Island
Item #89006

Instructions

STEP 1

- Place approximately 1" of aquatic potting soil into the bottom of the Floating Plant Island (Ex. 1).

STEP 2

- Add a once-a-year plant fertilizer to the soil (Ex. 2).

STEP 3

- Remove plants from their existing containers and arrange them in the Floating Plant Island (Ex. 3).

STEP 4

- Add additional aquatic planting soil around the plants. Add an optional thin layer of gravel for stabilization (Ex. 4).

STEP 5

- Slowly lower the Floating Plant Island into the water (Ex. 5).

STEP 6

- Tie a cord to the attached loop and anchor the cord to the bottom of the pond with a weight or rock (Ex. 6).
