## Meet the Coach

Darrin Kullman started running through school doing track & field excelling at 100 and 200 m run and long and triple jump.

It wasn't until later in life when Darrin picked up running again. He has completed 2 half marathons (one being a trail race, the other a hypothermia half) and completed the Queen City full marathon. His real passion is running on the trails and is currently training for his first ultra 50K trail race. The goal this year is to complete 2—50k races and another full marathon later in the year.

Darrin has his Level 1 Coaching and wants you to have fun running!

This is a 9 week program
