MODERN, CLASSIC, FASHION,
INDOOR, OUTDOOR, LIGHTWEIGHT, STACKABLE

STRICTLY QUALITY CONTROL USING NON TOXIC CERTIFICATION MATERIAL

Made with high quality and non-toxic eco-friendly polypropylene material, Lagoon products have been tested and passed for EN 581-3 and EN 581-1 fatigue tests.

MAINTAINING THE ENVIRONMENT AND CORPORATE RESPONSIBILITY

Lagoon insists on the responsibility of environmental protection. Promising to be an eco-friendly cooperation, we produce furniture using easily-decomposed and eco-friendly material. Lagoon will also apply "Green Lagoon Policy" to recycle its own products to mitigate the burden on the environment.

DEMANDING INNOVATION TO DEVELOP SAFE AND COMFORTABLE PRODUCTS

In regards to research and development, Lagoon's R&D teams start with researching market, natural environment, ergonomics, and product dynamics to develop comfortable and stylish products for customers. Lagoon pursues continuous improvement by adopting innovative industrial technologies and keeping up with the fashion trend. Consistent artwork design concepts and refined production processes reflect our simple and fashion living tastes.

INNOVATION SAFETY TECHNOLOGY MAKE LIVING MORE CLOSELY CONVENIENT

Non-toxic environmental friendly materials allow children and pets to live in a safe environment. Innovative product design allows for proper cleaning and washing that is not found with traditional furniture. The furniture is stain resistant and has a high tolerance for dirt making the cleaning and maintenance more convenient.

MINIMALIST DESIGN AND LIGHTWEIGHT STYLE

Manufactured using plastic injection molding technology provides comfort while maintaining its sturdiness. A modern sofa featuring a rattan style combines an elegant look with comfortable ergonomics. The availability of different product assortments provides a wider variety of options for a better life.

A SHORT BREAK WILL MAKE LIFE MORE RELAXING

By choosing different colors of fabric covers, it allows your living atmosphere with different looks.

DIVERSIFIED DESIGNS THAT ARE VERSATILE TO USE FOR DIFFERENT OCCASION
