

TIMBUK2

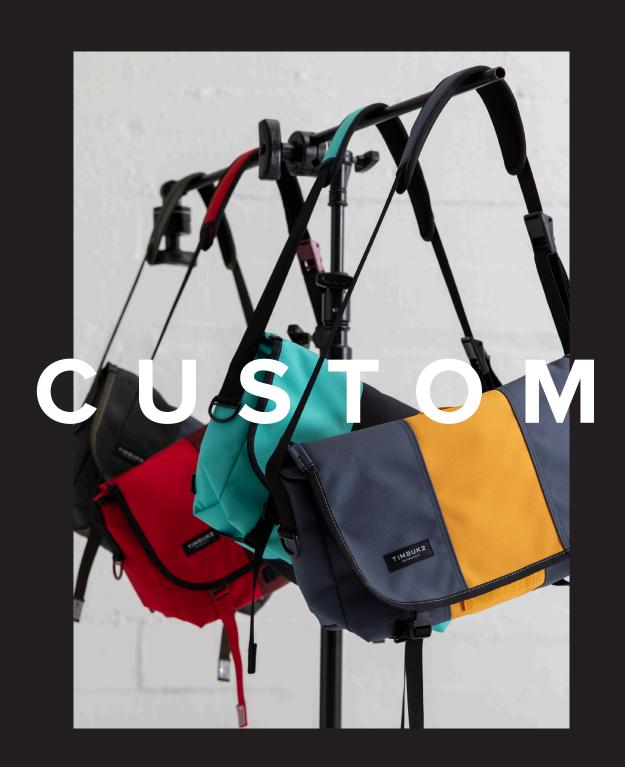

# It's our landfillosophy

Since day one, we've made it our mission to respect the planet. Many of our products are made with pre- and post-consumer materials – and we work every day to add more. Thousands upon thousands of bags have avoided the landfill because of our repairing, renewing and repurposing programs. Giving a damn is simply our second nature.

100%

recycled nylon from pre-consumer materials 100%

recycled polyester from post-consumer materials

# **BE INSPIRED**

Do whatever feels right – because we'll make it the way you want it. You simply choose your bags, find your fabrics and pick your colors.

Customizing is really that easy.

- Custom orders require a 50-piece minimum and four-week lead time
- Large quantity orders of 500+ are available, too
- Our Eco collection uses recycled pre- and postconsumer materials
- Our bags have a limited lifetime guarantee.
   Manufacturing defects in materials and workmanship are covered, not withstanding age
