

Vehicle: Connector Views Engine Control Module

35 POSITION ECU PLUG PIN LAYOUT

VALID FOR: 944 LATE 8V ONLY NON TURBO YEARS: 1985 - 1989

TERMINAL ID

1. Output to coil (-)
2. Closed throttle input
3. Full Load throttle input
4. Starter solenoid input
5. Chassi ground
6. Air flow sensor ground
7. Air flow sensor load input
8. Engine speed sensor (+) input
9. Air flow sensor supply
10. Coding (California only)
11. Injector control pulse width output
12. Test Plug
13. Coolant temp. sensor input
14. Output to Injectors
15. Output to Injectors
16. Chassi ground
17. Chassi ground
18. Main relay power input
19. Chassi ground
20. Fuel pump relay control
21. Tachometer Signal
22. Air temperature sensor input
23. Shield ground for oxygen sensor
24. Oxygen sensor signal
25. TCD Mark sensor (-) input
26. TCD Mark sensor (+) input
27. Engine speed sensor (-) input
28. Ground
29. A/C compressor
30. Empty
31. Empty
32. Empty
33. ISC Idle control valve
34. ISC Idle control valve
35. Main relay power input
