2019 Deanda Vineyard "Chill Pill" Chenin Blanc

Grape(s): 100% Chenin Blanc

Vineyard: 60-year-old, dry-farmed, head-trained Deanda Vineyard is organically farmed by Sarah Deanda in the Redwood Valley. Her Chenin Blanc, which dates back to the 1960s, was grafted onto Carignan rootstock, and the seven acres under vine take character from the sandy clay loam soils.

The climate of the upland Redwood Valley AVA experiences more of a diurnal temperature shift than surrounding appellations due to a gap in the coastal ridge which funnels cool Pacific air currents through to the Valley. This leads to a more gradual ripening of refined and complex fruit.

AVA: Mendocino County

Method: The Chill Pill Chenin Blanc was soaked on the skins for two days, fermented, and raised in neutral oak barrels for six months.

The wine was racked once to tank before bottling to settle the lees. The finished wine was bottled unfinned, unfiltered, and with zero sulfur.

ABV: 11.8%

Case Production: 350 cases

Bottling Date: March 2020

Release Date: March 2020
