Company Introduction

Greetings,

Happy Vegan provides Vegan Cosmetics in South Korea since 2017.

We have launched 2 types of Vegan Masks on March 2018.

There are many brands selling natural cosmetics, but we are different.

We have an identity of VEGAN. Our products do not contain any animal related ingredients, and also do not do any animal testing. Therefore, We are certified by the Vegan Society in UK as 100% vegan brand.

These days, customers do not purchase products by its popularity.

Many people focus on how products are made and what ingredients are used in the product.

We plan to develop and manufacture 100% Vegan Beauty products to give full satisfaction to customers.

We are registered at CPNP for our business in Europe.

In addition, Happy Vegan is authorized as 'Product-specific approved exporter'

Now, Happy Vegan is exporting to USA, UK, Germany, Spain, Netherlands, Denmark and Poland.

Near future,

we aim to make variety of vegan cosmetics to commercialize Vegan Beauty.

We care Animal, Environments, and Skins.
