Company Introduction

KODAECS Co., Ltd., once a small auto part company founded in 1998, started developing new innovative airtight food storage containers for fresher and tastier food in 2014.

It has successfully obtained patents, utility models, design patents, international certificates and now becomes the airtight food storage container market leader with innovative ideas and technology.

We, KODAECS Co., Ltd, promise to offer even better and more kitchen appliance choices and become the most reliable brand everyone knows and trusts.

Hulock, the kitchen appliance brand of KODAECS Co., Ltd, will protect your kitchen for a healthier and happier life.

Hulock Vacuum Airtight Container

Living › Living Households › Home/Garden/Tool

Hulock, your worthiest choice, offer you a new airtight food storage container experience.

Hulock will introduce you a new airtight food storage container concept.

Hulock's airtight food storage containers not just block unwanted air exchange but remove air, moisture, bacteria, and all the causes for food spoilage from the container.

Hulock introduces a new concept of fresh food.

Hulock's vacuum pump prevents bacterial growth, reduces the risk of bacterial contamination, and keeps food or whatever you put in the container fresh longer by removing all air molecules from the airtight container.
