Company Introduction

We, NS corporation, strive for our future and we put trusts with our customers and the best services on top priority. We react to the rapidly changing world market, by advanced ideas and practice, in order to become a leading company in 4th Industrialization.

Cooing Soap means that 'Whispering sweet words to a lover'. The brand is 100% handmade, high quality natural soap. Therefore, our soap delivers the greatest lovely and clean skin.

This Brand was created with three basic missions, anti-surfactant, anti-synthetic preservation, anti-artificial ingredients. Provide restoring skin balance for sensitive skin. Also, that works in small batches, we can ensure customers will be getting the freshest and most effective product possible

1) Explanation of Product

- Cooing soap is a natural care product that does not contain surfactants, preservatives and strengthening agents.

It provides mild and gentle washing time for the skin of people who are highly irritated.

- The bubbles are rich and soft and have high cleaning power.

- Put the mild fragrance that can be used in cosmetics.

- If you use a regular foam cleansing or cleaning agent, the chemicals in it are often washed away from the oil and moisture that must remain on your skin.

Cooing soap leaves the basic oil and moisture needed for the skin, and helps to wash off unnecessary dust or waste.

2) Description & Characteristics

- The soap is produced by Melt Pour method, shortening the production time and mass production. (3,000pcs per days)
