### COMPANY INTRODUCTION

average point

# 3.95

Rating Region

Beautiful lovely newborn babies born with God's blessing begin joint living at a newborn baby's communal cradle room of postpartum care center once they leave mom's bellies and go out into the world. A newborn baby whose Immunity dropped a lot undergoing a childbirth must face alone lots of bacteria and virus. Do they absolutely need thorough prevention against infection, don't they?

**#An Invention patent (NO. 10-1269221) of gamma rays sterilization 'Green mom' set sterilized with gamma rays (light energy)**
