Hippih

Babies are messy; that's just a fact of life. That is why we created Hippih to make bath time easier.

Hippih covers the cold and hard sink surface and will support your babies' back or hip while you wash their bottom, hair and feet. If your baby is a newborn, you can also give a bath.

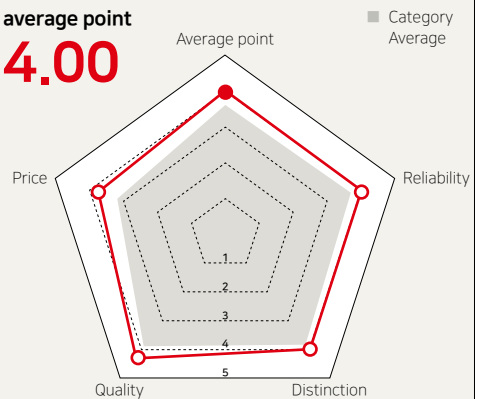

You will be amazed how this simple design and function can change your life so comfortably. No more rashes! No more wrist pain!

FOB Price	USD 24
M.O.Q.	100
Target Customer	Moms who prefer natural baby care, Babies with sensitive skin
Target Countries	Japan, USA, Canada

Rating Region

Moinee was founded in 2016 with a brilliant invention, Hippih. Hippih is the world's first bathroom sink cushion that allows moms to clean babies dirty bottom in a hygienic, safe, eco-friendly way! While moms hold their babies to wash, Hippih supports the babies back and facilitates to clean them without wrist pain. We work with baby experts which are moms and provide family-friendly work place for them. If the baby products look all same to you, find new invention in Moinee and meet our Hippih that makes bath time more comfortable experience for both Baby and Mom!
