The Beautiful skin starts from face washing. We, Hanbit Korea, have been successful for the last 16 years based upon the solid trust of our customers and this led develop the best skincare products with the highest quality Biodynamic, Organic and Natural ingredients. We have a strong belief that soap is the foundation of skin care that made us to develop the bamboo-salt soap for the first time in the world. Since the early 1980s, we have facilitated the emergence of a functional beauty art soap market to prevent skin problems.

Our products include red ginseng, brown rice, bamboo and salt body scrub with the light acid cleansing foam (pH 5.5~6.0) all of which created by the inventive minds of our skin care specialists. Our products Over 400 different kinds distributed domestically were soon exported abroad.

Our functional beauty art soap has been highly acclaimed by numerous industries and consumers. This concept is the culmination of the extraction of vast quantities plants and herbs.
