Rating Region

Since established on 1987, we have been developing and manufacturing cosmetics and hair color products in our own laboratory. SOKY launched SEEDBEE brand providing unique personal care products (ex. facial soap, skin care and hair color) to customer in 2017.

- AMINOW skin care shows not just unique products such as absolute transparent soap and jelly body wash, but also contains amino complex that holds the water in the skin.

- Water Coloring, hair color products that mix herb color powder only with 100% pure water. Free of eye irritations, scalp stimulation and hair damage makes water coloring become new trend of hair color.
