Spes is a newly born company in May 2016. We were originally a Corporate Education Consulting Company, founded in 2013, focusing in communication, customer service, team building and health/stress management.

HAU Hair Pack was released in the market in January 2017.

We have conducted field tests in Europe, US and East Asia like China, Taiwan, Malaysia, Vietnam and Singapore. Recently, this product worked well on African hair too.(made African hair softer and easy to style)

Spes, being the roman goddess of abundance, moving forward together with partners as well as customers is what we aim for. Though our products, we would like everyone to feel better about themselves.
