## BUTOUCH

### BUTOUCH PROFESSIONAL DIGITAL PAINTING BRUSH

Butouch are digital painting brush for the devices built in capacitive touch screen. It is excellent in sense of touch as being made up of conductive hair and metal (aluminum/brass) body. And It is convenient to use as a retractable way and can be used permanently because you can erase, save and print your artworks. Existing touch pens available for mobile devices were made of silicone type but we had developed a form of brush for the first time in Korea, manufactured and compatible with a variety of drawing applications that is very useful to everyone who likes to draw and paint with a brush and smartphones or electronic touch screen gadgets. In the future, this brush would also be used as an educational tool in schools worldwide.
