POSSD.POT

POSCO's new material Pure Stan Possd has corrosion resistance of stainless steel 304 and magnetic properties of stainless steel 430. Therefore, it is possible to use the Pure Stan Possd in induction as well as gas. 'New material Pure Stan Possd' adopting the POSSStrip process as POSCO's new technology received the Global Steel Association Innovation Award in 2015 and is 1.7 times stronger than ordinary stainless steel.

The Pure Stan Possd is a material that passes through even an accelerated salt spray test to maximize corrosion resistance and durability.

It is also manufactured to easily pour out food in a pot by applying the pouring rim system

FOB Price	USD 57.85
M.O.Q.	1,000 PCS
Target Customer	20s~40s
Target Countries	Asia, China, South America, Russia, ETC

Primavera 3 PLY pot

The product of up-to-date design made with CLAD(STS+AL+STS) in European style.

The elite of kitchen useful for electricity, gas and induction with remarkable endurance, it makes homemaker's skill in cooking the best

Product characteristics

- Triple-layered bottom(stainless + Aluminium + Stainless Steel) Stainless + Aluminium(99.9% purity) + Stainless Reduces the cooking time considerably Heat-reducing effect
- High heat distribution Excellent in non-stick performance and energy reduction.
- Made of materials that were carefully selected through the unique process of Livingart.

FOB Price	USD 19
M.O.Q.	Negotiable
Target Customer	20s~40s
Target Countries	Europe,Asia, China, South America, Russia, ETC

Homepage	livingart.co.kr
Annual Sales(2017)	USD 400,000,000
Export Amount(2017)	USD 900,000
Export country	china,mexico,Kyrgyzstan
Distribution network Performance	lotte, hyunda, gs, cj, etc
Certification of export	FDA, ISO9001, ISO14001

DIOBACCO STS Frying Pan & Royal Pan (IH)

DIOBACCO STS Frying Pan & Royal Pan (IH) Conductive strong heat with method of classic sigma of triple floor surface coating Aluminum added between stainless makes the fryingpan triple surface coating with heat conductivity ideally and spreads the heat evenly also it is capable on gas range or induction cooking.

FOB Price	USD 12.39
M.O.Q.	1,000 PCS
Target Customer	20s~40s
Target Countries	Europe, Asia, China, South America, Russia, ETC

COMPANY INTRODUCTION

average point

3.69

Rating Region

Living Art is a manufacturer specialized in stainless steel kitchen utensils. It is a company that puts its customers first in its philosophy that perfect quality attracts eternal customers. Based on the production technology and experience accumulated in the stainless steel kitchenware industry for many years, Living Art will devote itself to the development of products that can give pleasure to the kitchen and will expand to the Korean and overseas markets based thereon. Living Art has established a systematic production management system through ISO 9001 quality management system and ISO 14001 environment certification system.

Living Art will reward the customers with kitchen appliances including stainless steel kitchen appliances that are useful for life and products with world-class quality that combines economic efficiency, functionality, and practicality with world-class design. Living Art prioritizes the consumers and all of our employees in Living Art promise to do their best by operating without losing their initials. Thank you.
