## ■ Product Details

### SP-N020 (Mobile Phone 3D Lens)

Living › IT › Digital/Mobile

The REMON 3D SP-N020 is 3d lens that can be mounted in front of a smartphone camera. It is a lens that can shoot true 3d image, not Pseudo 3d that converts the existing 2d image to 3d. By shooting 3d image with single lens and single camera, we can minimize the distortion of right and left screen. It is characterized by lossless angle of view. It is small and economical because it can be used with mobile phone. Moreover, it can be used with mobile phone's superior function. Please enjoy the 3D world with Remon 3d lens
