MARATHON'S WATCH FACTORY
Located in La Chaux-de-Fonds, Switzerland.

BEST IN THE LONG RUN

PROUDLY CANADIAN

AUTHENTIC MILITARY HERITAGE WITH MODERN MILITARY DESIGN

The company that was to become Marathon Watch was founded in 1904 as Weinsturm Watch, later to be named Wein Brothers. In 1939, Morris Wein founded Marathon Watch, supplying fine precision timepieces throughout North America.

Since 1941, Marathon has been manufacturing timing instruments for the Allied Forces. Today, the fourth generation of the family continues the tradition with a wide range of instruments measuring time, temperature and distance. Marathon watches combine military durability with Swiss engineering and craftsmanship to ensure the highest level of quality and precision.

Marathon products are manufactured with the utmost care and go through various quality control measures. This attention to quality is supported by a commitment to excellent customer support to ensure the best possible product experience.

THIS FAMILY PHOTO WAS TAKEN IN 1892. Hirsch Wein is seated and on his lap is Morris Wein at approximately one year old.

SAR™

MARATHON MILITARY SEARCH AND RESCUE CLASS

Marathon Search and Rescue (SAR) watches were developed to Canadian Government requirements for use in SAR operations. Built to withstand extreme conditions and match the capabilities of the user. First introduced in the early 1990s, they are still in active use today.

Overbuilt bezels for manipulation with gloved hands; low-light illumination for use in night missions; screw-in crown and O-ring system for 30ATM water-resistance; high-torque pinions connecting movement to hands; Incabloc™ shock absorbers on all automatic movements.

Powered by Swiss-made automatic or quartz movements, the SAR diver's watches are available in 36mm, 41mm, and 46mm case sizes.

41MM - GSAR

WATCH, WRIST: 41MM DIVE AUTOMATIC

Commonly known as the Government Search and Rescue (GSAR). The GSAR is the most storied and venerable of our SAR Class of watches. It is highly sought after from both warfighters and collectors alike.

Available Dial Options

Standard Issue Black Dial

No Government Markings, US Government, USMC Insignia (See Page 31), Grey Maple Markings (See Page 35)

Arctic White Dial

No Government Markings (See Page 15).

Available Case Finishes

Standard issue Brushed Stainless, or Anthracite IP Coated (see page 17).

Shown on Rubber: 3-Piece Rubber Kit (see page 18).

Movement: Sellita SW200 with Incabloc™

Shock Absorber

No of Jewels: 26

Scale Quantity: 2

Scale Range: 1-12 (13-24)

Calendar Type: Date

Luminous Features: Tritium Gas Tubes and MaraGlo™

Crystal Material: Sapphire

Crown Type: Screw-in

Case Material: 316L Stainless Steel

Case Finish: Brushed

Bezel Type: Uni-Directional

Bezel Scale: 60 Minute

Submersibility: 30 ATM

MARATHON MILITARY NAVIGATOR CLASS

The Navigator Class of Wristwatches were developed in partnership with Kelly Air Force Base in 1986. The Navigator issued today was last revised in 2019 with the addition of a sapphire crystal, steel crown and crystal retaining ring, as well as an easy-access battery hatch.

Featuring a high-torque movement, with an EOL (end-of-life) indicator to notify you when it is time to change your battery; tritium tubes at the hour markers as well as on hour and minute hands, to deliver superior legibility, day or night; a 41mm high-impact composite fibreshell case for ultra-light durability; and a 12-hour bi-directional bezel.

AVIATION HISTORY, RE-ENGINEERED

The original Steel Navigator was developed in partnership with Kelly Air Force Base in 1986 under NSN: 6645-01-150-8115. Marathon has now re-engineered Navigator in Steel with improvements to the function, features, accuracy, and durability.

The Steel Navigator Series features: Enhanced tapering of lug for a more comfortable fit; Bezel size increased for improved grip with flight gloves and inset-painted indices for better legibility; Sapphire crystal for increased altitude rating, scratch resistance, and clarity; ETA F06.412 High-Torque Quartz movement for unmatched accuracy.

PROUDLY CANADIAN

CANADIAN MAPLE COLLECTION

Founded in Montreal, Canada, in 1939, Marathon has remained proudly Canadian for over 80 years. To honour our heritage, we created our Canadian Maple Series. This series features the 41mm GSAR with a grey

maple appliqué and the 46mm JSAR with a red maple appliqué; both are featured under the 12-hour marker. Both pay homage to the 2008 issued Red Maple GSAR.
