LAP TIME MEASUREMENT

Using this function, you can record the time spent on each lap.

- Press "SPLIT/RESET" key to clear the value to 0:00'00", and press "RECALL" key to select lap mode. The lap icon will display on the LCD.
- Press "START/STOP" key to start measuring time.
- Press "SPLIT/RESET" key to record the time you spend on each lap when finishing the 1st lap, 2nd lap and 3rd lap.
- Press "START/STOP" key to stop the measurement with the icon "STOP" displaying on the LCD.

Note:

1. During the time measurement period or while the measurement is stopped, press recall key to check the previous records and SPLIT/RESET to cycle through each record. 2. The following picture illustrates the lap time measurement.

SPLIT TIME MEASUREMENT

Using this function, you can record the split time from the beginning. For example, to measure 3 split times, do the following:

- Press "SPLIT/RESET" key to clear the value to 0:00'00"..., and press "RECALL" key to select split mode. The split mode icon will display on the LCD.
- Press the "START/STOP" key to start the measuring time.
- 3. Press the "SPLIT/RESET" key to record the time spent on each event.
- 4. Press the "START/STOP" key to stop the time measurement. The icon "STOP" will display on the LCD.

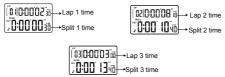

Note:

1.During the measurement period or while the time measurement is stopped, press the "RECALL" key to check the time records. 2.The following picture depicts a split time measurement.

RECALLING LAP & SPLIT RECORDS

- Measure lap/split time as described in the previous sections.
- You may press the "RECALL" key to enter recall mode and check the time record only when there is at least one lap/split time recorded.
- Press "START/STOP" / "SPLIT/RESET" key to check the time records upwards/ downwards.
- 4. Press "RECALL" key again to return to lap/split mode.

Note.

1.The sports timer can measure 99-lap/split time, but will keep a memory of the most recent 9 lap/split events.

KEY TONE SETTING

Press and hold "RECALL" key and press "START/STOP" key or "SPLIT/RESET" key to turn on/off the key tone. The icon "♣" will appear or disappear on the LCD.

BATTERY REPLACEMENT

If there is no display on the LCD or the display becomes dim, remove the screws in the back of the unit and replace with 2 new LR44 batteries according to the polarity information.

Note:

- 1. In order to reduce the battery power consumption, expose the solar panel in an environment with plenty of sunlight.
- 2. Attention! Please dispose of the used unit or batteries in an ecologically safe manner.
