

# SURE-FIT DESIGNS™ SUPER INDEX

**HOW TO USE the SFD SUPER INDEX:** The Super Index is divided into three indexes:

1. **SURE-FIT DESIGNS™ KITS SUMMARY**--Shows where to find basic information to make a **BODY BLUEPRINT**.
2. **GARMENT INDEX**--Shows where to find a particular garment **STYLE** (i.e. Empire-waist Bodice is under "Bodice").  
Example of an entry: **BBB-2-idx** means info is in Beyond Bodice Basics Book--page 2--illustration, design, and construction how-to information included. Pink = Dress Kit will also be required.
3. **FEATURES INDEX**--Shows where to find information regarding a **PART** of a garment (i.e. collar, yoke, etc.).  
Example of an entry: **S-15-i** means info is in Shirt Book--page 15--illustration. Blue =Shirt Kit needed

INFO KEY
<b>i</b> = illustration
<b>d</b> = design how-to
<b>c</b> = construction how-to
Note: Info code further indicates the type of information you will find at the stated source. For example, if you are wanting construction information about something, you will know not to refer to a source that does NOT include a 'c' (construction how-to). If the info code "confuses" you, simply ignore it, but for some users it will be valuable, time-saving information.
