## How to find your ring size

Print out this size guide at 100%. Use a ring that you currently have that fits the desired finger and move the ring over the different sizes to find one that matches.

### Confirm printing scale first

1. Prior to printing, ensure that page scaling is set to "None" in the print dialog box.

2. Measure the scale bar on the left to ensure it is exactly 1 inch or 30mm long. If the measurement is not accurate, check that you are printing the page at full size and reprint before continuing.

These are the standard Kate & Kole ring sizes. If your size isn't listed here please contact us to order a custom size and no extra cost.
