STARQ 

charge**ONE** | User Manual

What's in the Box

- 1 chargeONE pad
- 1 microUSB
- 1 QC 3.0 Quick Charger

LED Indicator

- White** Charger is idle, standby mode
- Red** Charging device
- Red flash** Unsupported device or metal detected,
advanced safety detection active
- No light** All great, your device is fully charged
and unit is in standby / night mode

Note

The LED indicator may not change upon a full charge due to phone settings, it will however turn off charging to prevent overcharging.. Check your battery bar to see if its fully charged.

How to Use

- 1 |** Plug the MicroUSB into the MicroUSB port on the side of the chargeONE

- 2 |** Connect the USB cable to the QC 3.0 Quick Charger and plug adapter into a power outlet.
You may only charge the pad with our included QC 3.0 wall charger which ensure a 10w wireless output charge.

- 3 |** Simply place your Qi™ enabled device on pad to begin charging
The rubber ring will keep your device in place. Reference LED light indicator colors to the left for meaning

Travel

Traveling? No problem!
