Fabric Sealant

A versatile hydrophobic textile protector spray coating. Designed to provide a protective barrier against water and grime. Effectively repels water and general soils, and is ideal for all types of exterior fabric vehicle hoods and interior carpets, fabrics, and upholstery, including alcantara and suede.

Features + Benefits:

A versatile hydrophobic textile protector spray coating

Developed with the needs of classic fabrics and upholstery in mind

Compatible with all modern fabric and upholstery surfaces

Designed to provide a protective barrier against water and grime

Effectively repels water and general soils

Ideal for all types of exterior fabric vehicle hoods and interior carpets, fabrics and upholstery

Directions For Use:

Test on an inconspicuous area prior to application.

Ensure surface is clean and completely dry prior to application.

Spray a light even mist over the surface and leave to dry for one-two hours.

After one-two hours repeat application and leave to cure for two-three hours.

Two coats are recommended, but for maximum durability three coats may be applied.

STORAGE: Store the bottle in an upright position in a cool dark place and ensure lid is replaced after use.

NOTE: Touch dry in 1-2 hours, fully cured in 24hrs.

Unit 1, Sheldon Nurseries,
Stanboro Lane,
Elmstone Hardwick,
Cheltenham GL51 9TN

All this. By hand.
