# PawTrails™ Smart Harness

PawTrails™ Smart Harness is designed with your dog's comfort in mind.

Created with soft, padded material and adjustable straps to fit all shapes and sizes.

The GPS device can be easily secured to the device holder, so you don't need to worry about it coming off.

It features reflective straps to improve the visibility of your pet on dark roads.

# PawTrails™ App

The easy to use PawTrails™ app will keep you connected with your pet.

It features **live location tracking, safe zones, an activity monitor and The PawTrails™ exclusive Health Advisor** - with information gathered by a local veterinary clinic. You also have the option to let you friends and family keep an eye on your pet by sharing your PawTrails™ pets profile with them.

# Location Tracking

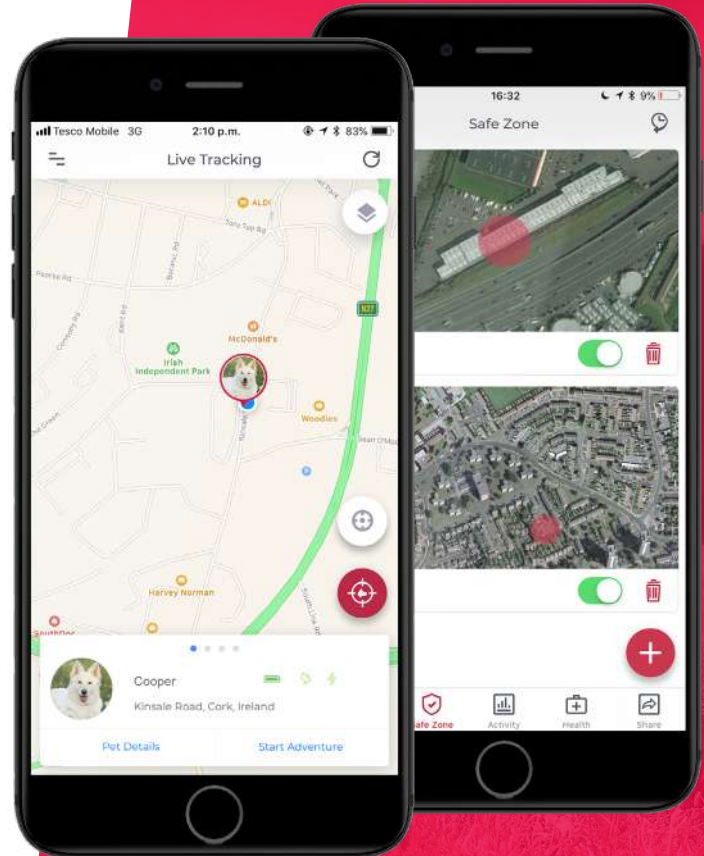

## Live Location Tracking

See your pet's live location on the map! Your pets' position on the app updates every 3 seconds when they are on the move.

## Safe Zone Feature

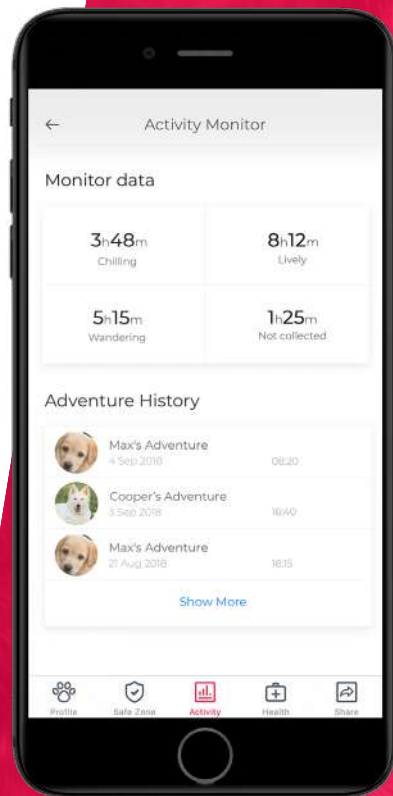

Set up a Safe Zone...and if your dog strays...The app lets you know!

# Activity Monitor

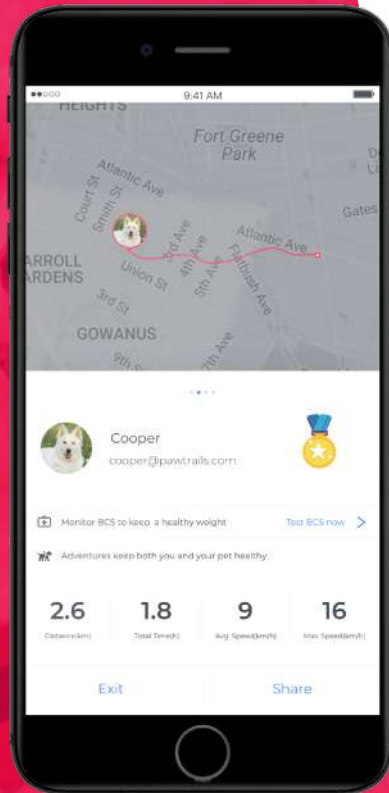

**Have you ever wondered what your pet get's up to while they're out of your sight?** Keep an eye on your pet's activity levels throughout the day - to find out what they're up to!

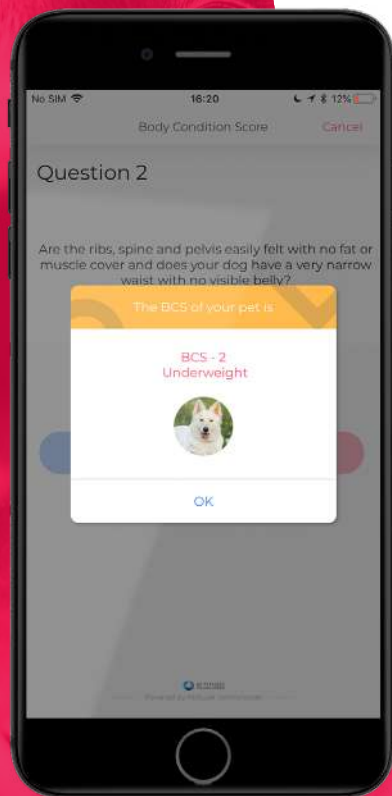

# Adventure Recording

**Get fit together** with adventure recording! Head out exploring with your pet and track your progress. Record the total distance, total time, average speed and maximum speed of the adventures you take with your pet.

# Health Advisor

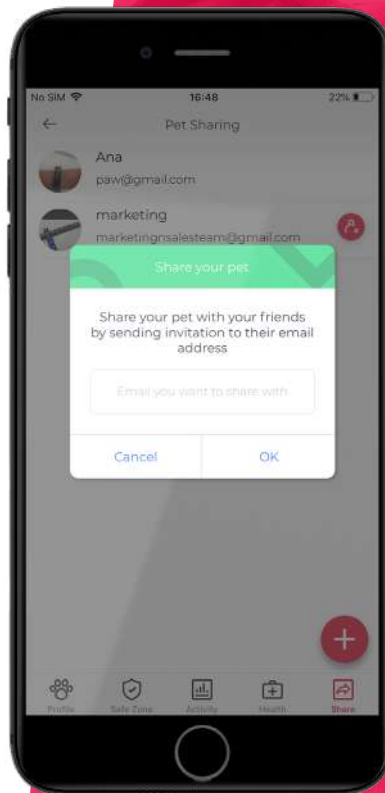

With the app's built-in health advisor, you can now determine whether your pet is **overweight, underweight or the ideal weight.**

You'll be given professional recommendations on how to maintain or improve your pet's weight.

## Share Function

Let your **friends and family** keep an eye on your pet by sharing your PawTrails pet profile with them.
