

191

CLASSIC

Single flavor counter top machine to produce soft ice cream and frozen yogurt.
A must have

Pump or gravity fed, the machine ensures great production results

High versatility

Give free space to your imagination and create cups as well as new soft delights and single portions

A cool look

The machine can be adapted to all types of shop thanks to its new modern panel

Overrun and consistency control

Different consistency control settings for various mix types and easy adjustable overrun

The above dimensions refer to the air cooled version. Water cooled model is without rear chimney

Optional configurations

Self-pasteurization

With our self-pasteurization system the machine can be cleaned and disassembled only 9 times per year

Teorema Remote Control

It gives very important info about the machine, it facilitates the service system and helps the cleaning schedule

Single portions dispensing head

With interchangeable nozzles to make single portions and delights

Self closing device

The dispenser closes automatically stopping the flow of ice cream, eliminating any waste and preventing mess

Only You

Customize your machine with your colours and logo

Wash Kit

Optional tap above the tank to facilitate the cleaning operations

G		Gravity	230*	18							130

* production capacity depends on the mix used and the room temperature

** other voltages and cycles available upon request

Features

Benefits

Stainless steel pressurized gear pump (P model)	With POM gears, the pump ensures the best ice cream texture, quality and high overrun, adjustable from 40% to 80%
Independent pump transmission (P model)	Helps to extend the pump and gears life and allows flexibility and maximum performance
Gravity fed system (G model)	Control valves naturally add air to the mix producing a firm and dry ice cream having an overrun up to 40%
Tank agitator	Prevents product stratification and helps to reduce foam by maintaining a fluid consistency
Tank rubber lid	Light and handy. It facilitates the cleaning and filling operations
POM beater	One piece POM beater, easy to clean, for a firm and dry product. Ideal for frozen yogurt
Adjustable ice cream flow	Adjustable product flow to meet your specific dispensing speed and volume requirements
Direct expansion cooling cylinder	Optimizes refrigeration efficiency for fast freeze downtime, less waste of product ensuring higher quality and energy saving
Defrost system	Possibility to heat the cylinder to simplify the cleaning procedure
Rear panel chimney (air cooled version)	Allows to optimize space and to place machines next to each other
