

30 Nozzle - Example Order

Here is a typical misting order for a 30 nozzle system.

- 1 Gen 1.3 with Agitator 55 gallon system
- 1 remote control
- 30 - 45 degree nozzles
- 40 union tees (10 extra to split the nozzle runs if needed or create loop)
- 10 union elbows (for 90 degree turns to help eliminate kinking of the tubing)
- 500 Feet 1/4 Inch Black tubing
- 100 black Dyna clamps
- 1 tube cutter
- 1 tube release tool
