ROXY & RICH
— COLORANTS —

ROXYANDRICH.COM

THIS COLLECTION IS APPLIED BY DIRECTLY BRUSHING THE FOOD, LIKE IN SUGAR WORK.

Hybrid Petal Dust is water soluble. It is designed for dry application using a brush. It can also be used to colour most other food products. It contains microcapsules of liquid colour that activate upon brushing. The collection includes 115 colours that span the full visible spectrum.

T-001 to T-060 : Meet Health Canada, FDA and European Commission food and drug safety standards.

T-061 to T-090 : Meet Health Canada and FDA food and drug safety standards.

T-091 to T-115 : Meet Health Canada food and drug safety standards.

ADVANTAGES

- Dry application
- Highly effective
- Matte finish
- Transforms into paint when mixed with water
- Edible (see above for standards)

AVAILABLE IN JARS OF 1/4OZ (8ML) AND 4OZ (120ML)
