

LIVER FUNCTION SUPPORT HOMEOPATHIC REMEDY

PRODUCT DESCRIPTION

Liver Function Support is a 100% homeopathic formula that soothes symptoms of liver dysfunction such as abdominal pain, swelling and sluggish digestion. The homeopathic remedies present in Liver Function Support were traditionally used in cases of liver dysfunction, liver enlargement or inflammation, gallbladder dysfunction and jaundice. When the liver appeared to be obstructed or sluggish, homeopathic doctors would administer the remedies found in Liver Function Support for safe, gentle and lasting support.

Like all Prana Pets formulas, Liver Function Support gently and safely relieves symptoms without side effects or dangerous health risks, even with long-term use. The homeopathic remedies found in Liver Function Support work with the body to promote health and are considered safe for animals of all ages. Liver Function Support does not interact negatively with other medications or supplements.

Healthy, balanced liver function is absolutely essential to overall health. According to the ancient healing traditions of China and India, ensuring the healthy function of the liver is key in supporting optimal digestion, clear skin, normal eyesight, peak immunity and longevity. Poor or weak liver function leads to many other health issues—manifesting symptoms such as weakness, elevated liver enzymes, poor digestion and low energy levels over time.
