

# RESPIRATORY SYSTEM SUPPORT HOMEOPATHIC REMEDY

## PRODUCT DESCRIPTION

Respiratory System Support is a leading safe, non-addictive, natural medicine containing 100% homeopathic ingredients selected to temporarily relieve symptoms such as wheezing and shallow, labored breathing in pets, and promote healthy lung functioning. Taken internally, the ingredients

in Respiratory System Support effectively reduce respiratory problems linked to stress in pets by addressing symptoms and their causes at a cellular level, thereby contributing to harmony and health in the respiratory system.

As a pet owner, there is nothing more distressing than seeing your pet struggle to breathe through an acute coughing or wheezing episode. Everyday activities such as playing fetch outside may suddenly be too much for a dog, or certain brands of litter may cause a cat to cough uncontrollably due to compromised lung health. Other symptoms of poor respiratory functioning can range from loss of appetite or weight loss, to shortness of breath, severely lessening your pet's quality of life.

- Premier natural medicine for optimal respiratory functioning in pets
- Relieves shallow, rapid and labored breathing
- Reduces respiratory problems linked to stress
- Relaxes bronchioles
- Promotes healthy lung functioning
