

SINU-HELP HOMEOPATHIC REMEDY

PRODUCT DESCRIPTION

Sinusitis, or inflammation of the sinuses, is a common condition among cats and dogs. Symptoms can be acute and serious in cases of sinus infection, or low grade and chronic when allergies are present. When the sinuses are inflamed, the nose tends to become blocked because the sinuses cannot drain mucus properly. Breathing becomes difficult, and sinus pressure and pain typically follow. Pets suffering from sinus congestion and inflammation may also exhibit reduced appetite, runny nose and sneezing as well.

The underlying causes of sinus and nasal inflammation can range from infection to environmental allergies. While antibiotics may sometimes be necessary in cases of infection, these medications do not address allergies and are generally not very effective in relieving symptoms. Prescribed drugs often bring negative side effects, and may not always be appropriate for long-term, daily use. For this reason, many pet owners seek out a safe, natural and effective alternative to synthetic decongestants and allergy medications.

Sinu-Help is a 100% homeopathic formula that provides gentle and holistic relief of stubborn congestion in the nose and sinuses. Sinus-Clear also addresses symptoms like sneezing, runny nose and coughing. Sinus-Clear can be used as needed for immediate, effective relief or on a daily basis for ongoing support. Cats and dogs of all ages can benefit from Sinus-Clear, and the ingredients are safe to administer alongside other medications and supplements. Like all Prana Pets formulas, Sinus-Clear relieves symptoms without side effects or dangerous health risks, even with long-term use.

DIRECTIONS

Administer drops directly into mouth, or dilute with water and administer via syringe directly into mouth. Drops may also be added to a small amount of wet food or water, as long as entire dose is consumed consistently.

Use 3 – 5 times daily.

Cats and dogs under 20 lbs: 10 drops.

Dogs 20–50 lbs: 15 drops

Dogs over 50 lbs: 20 drops

In acute cases, one dose every 15 minutes up to 6 doses may be administered for symptomatic relief. Repeat as needed for prevention.

Product size: 2 FL OZ (59mL), Minimum 2000 drops
