

HEIDELBERG
25 - 27 SEPTEMBER 2020

1.
BBA
SYMPOSIUM

We are delighted to present the **1st BBA Symposium** from **25-27 September 2020** in the modern congress hall of the Print Media Academy in Heidelberg, Germany.

Our symposium will be entitled **„RISE of the GOLDEN AGE“** and we will be focusing on working with the patient's own REAL bone and tissues, also known as the GOLD STANDARD in the field of dental implantology.

Some of the **most renowned international speakers** in the field of dental implantology will be joining our event and guaranteeing top-level clinical and scientific evidence.

In cooperation with BBA Academy – The Home of **Real Bone Builders** – we have designed an outstanding scientific program. Also on Sunday, September 27th, you will have the opportunity to take part in exciting **HANDS-ON WORKSHOPS** (please note: seats are limited!) engaging in hard and soft tissue management.

The symposium will be highlighted by our dinner event on Friday evening in the **Marriott Hotel Heidelberg**, offering an attractive selection of food, drinks and music.

We hope you can join our upcoming 1st BBA Symposium in 2020 and help us inspire the future of implant dentistry. This symposium will pose an excellent opportunity for networking and sharing experiences with like-minded colleagues.
