

Big Air Guns

Big and powerful safety air guns designed specifically for heavy-duty industrial and construction applications.

Features

- Rugged, lightweight, pistol-grip style aluminum handle
- Heavy-duty aluminum extension
- Adjustable auxiliary handle
- Venturi and Quiet Force Nozzle options available
- 3/4" FNPT inlet

Force 5® Series Safety Air Gun

The most powerful safety air gun on the planet, the Force 5 Series is designed for heavy-duty industrial and construction cleaning applications. Built for the toughest environments, they deliver maximum compressed air when and where required.

Featuring a dead-man trigger, the Force 5 Series are the safe alternative to dangerous, "home-made," ball valve actuated, open pipes. Engineered to be paired with tow-behind, or large in-plant compressors.

Part No.	Model/Description
F5024AA	Force 5 Safety Air Gun with 24" Extension and Venturi Nozzle
F5036AA	Force 5 Safety Air Gun with 36" Extension and Venturi Nozzle
F5048AA	Force 5 Safety Air Gun with 48" Extension and Venturi Nozzle
F5060AA	Force 5 Safety Air Gun with 60" Extension and Venturi Nozzle
F5072AA	Force 5 Safety Air Gun with 72" Extension and Venturi Nozzle
F5024AQF	Force 5 Safety Air Gun with 24" Extension and Quiet Force Nozzle
F5036AQF	Force 5 Safety Air Gun with 36" Extension and Quiet Force Nozzle
F5048AQF	Force 5 Safety Air Gun with 48" Extension and Quiet Force Nozzle
F5060AQF	Force 5 Safety Air Gun with 60" Extension and Quiet Force Nozzle
F5072AQF	Force 5 Safety Air Gun with 72" Extension and Quiet Force Nozzle

See website for full specifications

Features

- Thermally insulated, in-line style, aluminum handle
- Heavy-duty aluminum extension
- Adjustable auxiliary handle
- Venturi and Quiet Force nozzle options available
- 3/4" NPT inlet

Inforcer® Safety Air Gun

Designed as the “in-line” version of the Force 5, the Inforcer Series excels in heavy-duty industrial and construction cleaning applications. Built for the toughest environments, they deliver maximum compressed air where and when required. Featuring a dead-man trigger, the Inforcer Series are the safe alternative to dangerous, “home-made,” ball valve actuated, open pipes. Engineered to be paired with tow-behind, or large in-plant compressors.

Part No.	Model/Description
INF5024AA	Inforcer Safety Air Gun with 24" Extension and Venturi Nozzle
INF5036AA	Inforcer Safety Air Gun with 36" Extension and Venturi Nozzle
INF5048AA	Inforcer Safety Air Gun with 48" Extension and Venturi Nozzle
INF5060AA	Inforcer Safety Air Gun with 60" Extension and Venturi Nozzle
INF5072AA	Inforcer Safety Air Gun with 72" Extension and Venturi Nozzle
INF5024AQF	Inforcer Safety Air Gun with 24" Extension and Quiet Force Nozzle
INF5036AQF	Inforcer Safety Air Gun with 36" Extension and Quiet Force Nozzle
INF5048AQF	Inforcer Safety Air Gun with 48" Extension and Quiet Force Nozzle
INF5060AQF	Inforcer Safety Air Gun with 60" Extension and Quiet Force Nozzle
INF5072AQF	Inforcer Safety Air Gun with 72" Extension and Quiet Force Nozzle

See website for full specifications

Inforcer Steel Safety Air Gun

Combining striking tool and air gun capabilities, the unique Inforcer Steel Series are perfect for surface preparation, roadwork, and concrete repair. Built for the toughest environments, they deliver maximum compressed air when and where required. Featuring a hardened steel chisel point nozzle and dead-man trigger, they are the safe alternative to dangerous, "home-made," ball valve actuated, open pipes. Engineered to be paired with tow-behind, or large in-plant compressors.

Part No.	Model/Description
INF5024SS	Inforcer Steel Safety Air Gun with 24" Extension and Chisel Point Nozzle
INF5036SS	Inforcer Steel Safety Air Gun with 36" Extension and Chisel Point Nozzle
INF5048SS	Inforcer Steel Safety Air Gun with 48" Extension and Chisel Point Nozzle
INF5060SS	Inforcer Steel Safety Air Gun with 60" Extension and Chisel Point Nozzle
INF5072SS	Inforcer Steel Safety Air Gun with 72" Extension and Chisel Point Nozzle

See website for full specifications

Features

- Thermally insulated, in-line style, steel handle
- Rugged steel extension
- Adjustable auxiliary handle
- Hardened steel, chisel point nozzle
- 3/4" NPT inlet

Quiet-Test Silencer Nozzle

Test tow-behind compressors in the "full-on" mode safely and quietly with Quiet-Test Silencer Nozzle. Patented Quiet Force technology reduces noise levels up to 20 dB.

Part No.	Model/Description
----------	-------------------

QTSN140	Quiet-Test Silencer Nozzle
---------	----------------------------

See website for full specifications

Features

- All metal construction with insulated grip
- 7"L x 2½"D; Fits in mechanic's toolbox
- Chicago-style coupler
