

Return Form

contact@practk.com

While we want you to find our products as useful as we do, we are more than happy to issue a refund for any purchases if you just aren't satisfied.

Return Policy

Power Blenders can be returned within 14 days of the order date. All other items must be received within 59 days of the order date for a refund to the original form of payment. If we receive your return after 59 days, the product will be sent back to you. Original shipping and return shipping charges are non-refundable. We reserve the right to deny a return if the item is confirmed as counterfeit. Counterfeit items are not eligible for a refund and will be returned to sender. We highly recommend keeping the tracking number of your return package for your own records. A refund will not be issued for items that are not received at our office. Once your return package has been processed by a Practk® representative, you will be emailed.
