SHAMPOO BAR

OIL CONTROL

Rapid hair growth and circulation while strengthening hair follicles. **Great for oily, weak hair types.**

REVITALIZE

Deep cleansing, dandruff treatment while thickening thinning hair and providing volume. **Great for dry, damaged hair types.**

 **USING HERBS THE WAY GOD INTENDED**
It is not LOTVs intention to diagnose, treat, or cure any condition or illness. The recipes for these products are designed from past remedies and are not intended to replace medical science.

SOAP BASE

We start our soaps off with the "old timey" base of lye & lard. When the lye and lard are combined correctly they go through a saponification process which leaves you with a high quality cleansing soap base. We then add in **cocunut, grapeseed, sunflower oil & kaolin clay**, making the base very gentle & moisturizing. Finally, after the soap cures/hardens for 2 to 3 weeks, it's ready to use!

CHARCOAL & CLAY

CHARCOAL: Draws out bacteria, poisons, chemicals, dirt & microparticles. Aids complexion & fights acne.
BENTONITE CLAY: Calms acne, oily skin & inflammation.
Great for oily skin.

This product can be used to shave with

LAVENDER

Kills bacteria, fights acne, unclog pores, anti-inflammatory. **Great for sensitive & dry skin.**

LEMONGRASS W/ VERBENA

AKA nature's Botox, this astringent soap minimizes pores while balancing oil levels, tightening skin and fighting acne. **Not for sensitive skin.**

LEMONGRASS, LAVENDER & PEPPERMINT

All the Botox benefits of lemongrass but toned down by the soft lavender making it **perfect for sensitive skin**. While the peppermint provides **oil control**.
