

EXTRAORDINARY VISIONS!

WITH DEWITT JONES

Where do we find the vision to take our lives to the next level? How do we summon the passion to keep “raising the bar”? How can we make our life less of a struggle and more of a joy? For photographer and creativity expert, Dewitt Jones, the answers to these questions lie in the images we hold about ourselves, our future and the way in which we grow.

In his twenty year career with National Geographic, Dewitt lived the vision of “celebrating what’s right with the world” and embraced an attitude that took him to new heights both in business and in life. He found that the creative tools he employed as a photographer had even deeper application when applied directly to his personal and professional growth.

Extraordinary Visions is an hour of both motivation and inspiration. Using his own extraordinary photographs as illustrations, Dewitt weaves a visual tapestry of emotion and content. One that allows you to touch your own passion: to balance your head with your heart: and to come away inspired... with your own creative potential.
