

SPRING 2024 • WWW.SHOREBAGS.COM

Our Story

Our family has been in the cotton canvas business for more than twenty years. When our Dad decided to retire, we took over the business and started ShoreBags.

Our goal was to create a brand that would respect nature through fashion. We wanted to connect to the large community of eco-conscious consumers (like us!) and use our family factory and transparent supply chains to support local workers, especially women.

Thank you for supporting us and this brand as we strive to bring beautiful, ethical products to market.

Nidhi and Manasi Sharma,
sisters, foudners
