Common fibers used by Victoria Sampler - We have done our best to suggest the nearest colours, but our guesses are purely subjective. We only hope that our guesses meet with your approval and that you have some use out of this labour of love.

Disclaimer: the colours suggested will not give the result that our designers visualized as they stitched their models. When you stitch with the suggested DMC, remember that the results will differ from the models, so please check to see if there's a colour you like better.
