The seat's filling is made of flexible, lightweight foam that's soft and supportive at the same time - the perfect companion in your kids' wildest adventures.

Guarantee

We're giving you a 2 year guarantee but, if taken care of properly, MIMIKO seat will stay with you for many years to come!

Fabrics maintenance

Mimiko seat's cover is made of fabric suited for environments with special requirements for cleaning (making it really resistant to kids and their adventures!).

However, if it ever gets dirty, you can choose to dry clean it, wash it in 40-60°C by hand or in the washing machine's gentle program.

You can also vacuum it gently to preserve the cover's vibrant colours.

The manufacturer promises maximum shrinkage of 3%.

Do not iron.

Stain removal

Most stains - even the most stubborn ones - can be removed with lukewarm water with a small amount of neutral detergent.

It's a good idea to test the detergent on a small piece of the cover before applying it to the whole product.

Packaging

Mimiko seat arrives packed neatly in a beautiful cardboard box. Not only does it protect the seat during its way to your home but it can be easily reused during your family funtimes - as a secret hideaway, a cardboard house for teddies or a great drawing board.
