

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product Identifier

Product name: PLATINUM FILLET SEAL

Application: Cement based powder for strengthening weak points in stonework waterproofing.

1.2 Details of the supplier of the safety data sheet

Company name: Platinum Building Chemicals

65 Colvilles Place
Kelvin Industrial Estate
East Kilbride
Lanarkshire
G75 0PZ
United Kingdom

Tel: 01355 222 777

Email: info@platinumchemicals.co.uk

1.3 Emergency telephone number

Emergency tel: 01355 222 777
(office hours only)

Section 2: Hazards identification

2.1 Classification of the substance or mixture

Classification under CLP: Xi;R37/38, R41.

Most important adverse effects: Prolonged contact with wet cement/mixture may cause burns.

The grain size distribution of silica sand means it is not hazardous. However, any respirable crystalline silica dust generated by processing and handling of silica sand may cause health effects. Prolonged and/or massive inhalation of respirable crystalline silica dust may cause lung fibrosis, commonly referred to as silicosis. Occupational exposure to respirable crystalline silica dust should be monitored and controlled.

Section 3: Composition/information on ingredients

3.1 Mixtures

Name	EC No.	CAS-No.	Content	Classification
Portland Cement (Ordinary)	266-043-4	65997-15-1	30%-60%	Xi;R37/38,R41.*

*The full text for all R-Phrases are displayed in Section 15

Section 4: First aid measures

4.1 Description of first aid measures

Inhalation: Remove victim immediately from source of exposure. Move into fresh air and keep at rest. Get medical attention

Ingestion: Rinse mouth thoroughly. DO NOT induce vomiting. Get medical attention immediately.

Skin Contact: Wash off promptly and flush contaminated skin with water. Promptly remove clothing if soaked through and flush skin with water. Get medical attention immediately if symptoms occur after washing.

Eye Contact: May cause permanent damage if eye is not immediately irrigated. Get medical attention immediately. Continue to rinse.

Section 5: Fire-fighting measures

Fire-fighting measures: Product is not combustible

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions: Risk of contact: wear protective gloves and goggles/face shield. Avoid contact with skin and eyes.

Section 7: Handling and storage

7.1 Precautions for safe handling

Handling requirements: Avoid inhalation of dust and contact with skin and eyes. If ventilation is insufficient, suitable respiratory protection must be provided.

Section 8: Exposure controls/personal protection

8.1 Control Parameters

Workplace exposure limits: No data available.

8.2 DNEL/PNEC Values

DNEL/PNEC: No data available.

8.3 Exposure Controls

Engineering Measures: Provide adequate ventilation. Observe Workplace Exposure Limits and minimise the risk of inhalation of dust

Respiratory protection: Respiratory protection must be used if air contamination exceeds acceptable level. Use respiratory equipment with particle filter, type P1.

Hand protection: Wear protective gloves. Gloves of nitrile rubber, PVA or Viton are recommended.

Eye protection: Use approved safety goggles or face shield.

Hygiene Measures: Wash promptly if skin becomes wet or contaminated. Isolate contaminated clothing and wash before reuse. Promptly remove non-impervious clothing that become wet or contaminated.

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance: Powder, dust

Colour(s): Grey

Odour: Cement

Solubility: Aqueous solutions are basic.

pH value: (Diluted solution) >12

Section 10: Stability and reactivity

10.1 Stability

Personal precautions: Stable when stored in a dry place.

10.2 Conditions to avoid

Conditions to avoid: Water, moisture. Avoid contact with strong reducing agents. Avoid frost.

10.3 Materials to avoid

Materials to avoid: Avoid contact with acids.

Section 11: Toxicological information

11.1 Symptoms/routes of exposure

Inhalation: Dust irritates the respiratory system and may cause coughing and difficulties in breathing.

Ingestion: May cause chemical burns in mouth, oesophagus and stomach.

Skin contact: The product contains a small amount of sensitising substance which may provoke an allergic reaction among sensitive individuals after repeated contact.

Eye contact: Risk of serious damage to eyes.

Health Warnings: May cause allergic contact eczema. May cause chemical eye burns.

Section 12: Ecological information

12.1 Toxicity

Ecotoxicity values: Little danger to the environment.

12.2 Persistence and degradability

Degradability: This product is not biodegradable.

12.3 Bioaccumulative potential

Bioaccumulation: No bioaccumulation potential.

12.4 Mobility

Mobility: The product is insoluble in water and will sediment in water systems.

Section 13: Disposal considerations

13.1 Waste treatment methods

Disposal operations: Dispose of waste and residues in accordance with local authority requirement.

Section 14: Transport information

General: This product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID). No transport warning sign required.

Section 15: Regulatory information

15.1 Label elements

Labelling: Irritant.

15.2 Risk phrases

R41: Risk of serious damage to eyes.

R37/38: Irritating to respiratory system and skin.

15.3 Safety phrases

S24/25: Avoid contact with skin and eyes.

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S37/39: Wear suitable gloves and eye/face protection.

S51: Use only in well ventilated areas.

S22: Do not breathe dust.

15.4 EU directives

Dangerous Substance Directive: 67/548/EEC

Dangerous Preparations Directive: 1999/45/EC

15.5 Other

Statutory instruments: Control of Substances Hazardous to Health.
Chemicals (Hazard Information and Packaging) Regulations.

Guidance notes: Workplace Exposure Limits EH40.
Introduction to Local Exhaust Ventilation HS(G)37.
CHIP for everyone HSG(108).

National regulations: Chemicals (Hazard Information and Packaging for Supply) Regulations 2002.No.1689.
Workplace Exposure Limits 2005 (EH40).
Control of Substances Hazardous to Health Regulations 2002 (as amended).
The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2007 (CDG 2007).

Section 16: Other information

16.1 Other information

Legal disclaimer: Whilst every care has been taken to ensure that this product can be used for the purpose for which it is intended, Platinum Building Chemicals Ltd have no control over the way that the product is used, the workmanship or application of the products. The information given here has been compiled on the basis of available knowledge in accordance with the requirements of the Chemical Hazards Information and Packaging Regulation 1997.

SAFETY DATA SHEET
PLATINUM FILLET SEAL

Page: 5

Compilation date: 28/11/2018

Revision No: 1

This does not imply that the information is complete or accurate in all cases and no guarantee can be given that is complete and accurate. It is the user's responsibility to take adequate measures to satisfy themselves as to the application and suitability of the information and/or recommendations given for their own use.

Depending on the nature and condition of the applicable surface, it is recommended that users ascertain suitability of product for own use by carrying out sample tests to surfaces as and when necessary. It is recommended that, in order to comply with the terms and conditions of the twenty five year guarantee, qualified operatives should be employed.
