

WG-733 DEXCUT®

The Wonder Grip® WG-733 Dexcute® is designed for heavy work in dry or slightly greasy environment involving medium to heavy cut hazards. HDML™ coating specially developed by Wonder Grip® offers a non-slip surface, exceptional anti-wear properties and a double protection against thermal hazards. The comprehensive set of protection encapsulated in our unique WG-733 makes it the ultimate glove for all-round in semi-dry environments.

KEY FEATURES

- ✓ Soft yet robust technical liner, engineered to offer protection against the cold and heat, as well as cut level A4/D protection
- ✓ Exceptional anti-wear properties and double protection against thermal hazards.
- ✓ Extremely durable latex coating with increased resistance around the thumb for extended use

TYPE OF PROTECTION

- Cut resistance
- Heat resistance
- Cold resistance

APPLICATIONS

- Construction-and-public-works
- Metallurgy
- Waste management
