# GP CRAFT CLEAR TPE GLOVES

**Our GP Craft TPE Gloves provide better grip, durability and tear resistance compared to poly gloves while maintaining similar levels of cost effectiveness. Great for food handling, preparation, and general hygienic purposes.**

Disposable TPE gloves are designed for food services and light duty tasks. These gloves are a great way to ensure your kitchen staff is practicing proper food safety procedures. The powder-free TPE material is easy to slip on and off and the comfortable fit will not get in the way of your tasks.

Our gloves are an inexpensive and disposable option for maintaining a hygienic environment. Each pair is perfect for light-duty tasks that require frequent glove changes, like in food service lines, deli counters, and at home. They are also an extremely cost-effective option for use in poultry processing, food preparation, restaurant service lines, and other areas where safety is a priority.

### BENEFITS

- Made of high-quality TPE (Thermoplastic Elastomer)
- Designed for food services & light duty tasks
- Designed for tasks that require frequent glove changes
- The reversed texture on the inside helps to keep the air circulating
- Non-sterile powder-free material is easy to slip on and off
- Inexpensive and disposable option for maintaining a hygienic environment
