GP Craft 5.5 Mil Black Nitrile Gloves Fentanyl Resistant

Made from 100% Nitrile, these 5.5 Mil Black Nitrile Gloves are designed to protect individuals from exposure to fentanyl and other potent synthetic opioids.

These gloves are thicker and more durable than regular gloves and have been tested and certified to meet certain standards for chemical resistance. They are versatile, easy to use, and provide the perfect balance between durability and dexterity. These powder-free and latex-free gloves offer reliability, strength, and stretchiness while maintaining precision.

The gloves are made from 100% high quality nitrile and have 5.5 mil thickness which provides superior durability and strength. They are commonly used by law enforcement, emergency responders, and healthcare workers who may come into contact with fentanyl during their work.

BENEFITS

- 5.5 Mil Thickness, Fentanyl & Chemical Resistant
- Exceptional strength and durability
- High resistance to oil and grease
- Resistance to wide range of chemicals
- Free from powder and latex allergens
- Beaded Cuff for easy removal
