Superior protection  
that flexes, Gloves  
that flow.

## MG-C26 6 Mil Blue Nitrile Gloves - Chemo

The NitrileCare® Premium nitrile examination glove has a premium finish, meeting the ASTM Chemo/ Viral Barrier/ ISO quality standards and has FDA 510(k) approval. It has been tested for use with chemotherapy drugs for ultimate hand protection you can always trust.

Made of 100% nitrile, thicker and textured for better grip, resistant to penetration and permeation by chemotherapy drugs, which can be hazardous to healthcare workers who handle them without proper protection.

The NitrileCare® nitrile examination glove is manufactured in Malaysia and distributed to North America & Asia Pacific markets. The heavier 6.0g indigo blue glove is popular with industrial and emergency users and meets ASTM viral & chemo standards & also has FDA 510(5) approval.

Our gloves have been tested and certified to meet certain standards for chemical resistance. They are commonly used by healthcare workers who handle chemotherapy drugs during preparation, administration, or disposal. They are also used by patients who are undergoing chemotherapy treatment and need to handle their own medications at home.

### BENEFITS

- 6 Mil thickness, Strong puncture resistance
- Exceptional strength and durability
- High resistance to oil and grease
- Great protection against chemicals
- Good alternative for those with latex allergies
- Beaded Cuff for easy removal
