Nitrile Gloves:
Superior protection
that flexes, Gloves
that flow.

MG-C25B CarePlus 5 Mil Black Nitrile Gloves

The ShieldCare® nitrile examination glove has a premium finish, meeting the ASTM Viral Barrier/ ISO quality standards and has FDA 510(k) approval. It's tested for use with Chemical & Microorganism permeation for ultimate hand protection.

These powder-free and latex-free gloves offer reliability, strength, and stretchiness while maintaining precision.

The ShieldCare Black glove is manufactured in Malaysia and distributed globally for the industrial, automotive, beauty and hospitality markets. This 5.0g black glove meets ISO, EN, and ASTM PPE specifications.

The gloves are made from 100% high quality nitrile and have 5 mil thickness which provides superior durability and strength. The gloves are designed with a finger-textured surface to provide excellent grip and handling, even when working with wet or oily materials. These gloves are also powder-free, which reduces the risk of allergic reactions and contamination.

BENEFITS

- 5 Mil Thickness , Strong puncture resistance
- Exceptional strength and durability
- High resistance to oil and grease
- Great protection against chemicals
- Good alternative for those with latex allergies
- Beaded Cuff for easy removal
