

N95 PARTICULATE FILTERING RESPIRATOR

SPECIFICATIONS

RUBBER LATEX COMPONENTS	No
NUMBER PER BOX	50
PACKAGING	Bulk Case
PRODUCT COLOR	White
PRODUCT TYPE	Dust and other Particles
RECOMMENDED INDUSTRY	Commercial Buildings, Construction, Food Safety, Manufacturing, Transportation
RESPIRATOR STYLE	Foldable Disposable Style
SIZE	Standard
STANDARDS/APPROVALS	N95 NIOSH Approved / Conventional Approval Program / TC-84A-9284

DETAILS

American made filtration media

Dual-Headstraps design with comfortable nose clip

Ultra lightweight material delivering excellent fit and breathing comfort

Filtering Facepiece Respirator solution when both respiratory protection and source control needed

Ideal for pandemic preparedness

Vertical flat-fold design for easy storage

NIOSH Approved

The Advoque SafeGuard N95 Particulate Filtering Respirator is designed to help provide reliable respiratory protection of at least 95% filtration efficiency against certain non-oil based particles such as those from grinding, sanding, sweeping, sawing, bagging, or other dusty operations. This respirator can also help reduce inhalation exposures to certain airborne biological particles (e.g. mold, Mycobacterium tuberculosis, etc.) but cannot eliminate the risk of contracting infection, illness, or disease.

WARNING: These face masks help reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing, and medical evaluation. Misuse may result in sickness or death. For proper use, see package instructions.

This respirator is approved only in the following configuration:

TC-	Protection ¹	Respirator	Cautions and Limitations ²
		ASG100	
84A-9284	N95	X	A, B, C, J, M, N, O, P

1. PROTECTION

N95 – Particulate Filter (95% filter efficiency level). Effective against particulate aerosols free of oil; time use restrictions may apply.

2. CAUTIONS AND LIMITATIONS

- A. Not for use in atmospheres containing less than 19.5 percent oxygen.
- B. Not for use in atmospheres immediately dangerous to life or health.
- C. Do not exceed maximum use concentrations established by regulatory standards.
- J. Failure to properly use and maintain this product could result in injury or death.
- M. All approved respirators shall be selected, fitted, used, and maintained in accordance with MSHA, OSHA, and other applicable regulations.
- N. Never substitute, modify, add, or omit parts. Use only exact replacement parts in the configuration as specified by the manufacturer.
- O. Refer to User Instructions, and/or maintenance manuals for information on use and maintenance of these respirators.
- P. NIOSH does not evaluate respirators for use as surgical masks.
