

## DG-2 Isolation Gown Level 2

AAMI guidelines are a widely accepted system of classification for protective apparel based on liquid barrier performance, and our Disposable Isolation Gown conforms to AAMI Level 2.

Vizocare's Disposable Isolation Gown is made from lightweight, multi-layer material with side ties to eliminate the difficulties of tying behind the back.

It protects against fluids under light to moderate pressure conditions based on AAMI guidelines.

Isolation Gown - Level 2	
AAMI Level / Performance Requirements	Level 2
Anticipated Risk of Exposure to Fluid	Medium
