

FM-4 3-Ply Face Mask

Our facemask is made of high-quality cotton and non-woven filter cloth that has a 3-ply structure. The outer ply is made by moderately thick and flexible non-woven fabric to resist dusts and ashes. The middle ply is made from melt-down material to stop particulates. The inner ply made by ultrafine fiber is skin friendly and dam proof.

3016016771

The 3-ply masks by VizoCare are developed for every day comfortable use. This 3-ply mask is made of non-woven material that is both breathable and comfortable. This mask offers protection against dust, automobile exhaust, pollen, and more. The elastic ear loop was tested thoroughly and holds up for every day wear, ensuring no excess pressure to the ears. Our masks are made of environmentally friendly material and are moisture-proof, non-toxic, non-irritating, soft and comfortable. 3-Ply non-woven design ensures comfort and breathability to keep you protected for longer.

3 Ply Mask Features:

- Non-Sterile
- Multi-Layer filtering effectively blocks dust and other in the air.
- Upgraded Elastic Ear Band, ultra-comfortable to wear.
- Ultrasonic spot welding
- Firmly attached and resistant to easy breakage
- Individually Adjustable Nose Clip for Excellent fit
