

FM-5M

Wintech Medipro ASTM Level 2 Face Mask

The Wintech Medipro ASTM Level 2 with a convenient ear loop design allows you to slip on and remove the masks quickly and easy. The masks are breathable and soft for comfort. The high filter performance and low breathing resistance ensure safety while maintaining comfort.

Our ASTM Level 2 mask meets the requirements for Splash/Fluid Resistant masks and Bacteria Filtration Efficiency (BFE): $\geq 99\%$ under EN14683:2019 classification. The mask is single-use and disposable.

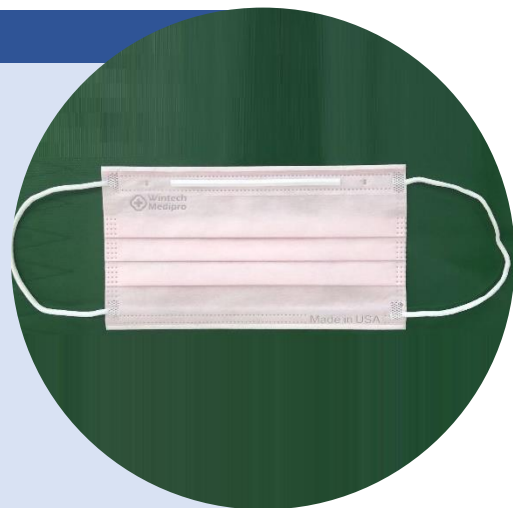

Face Mask Features:

- Made in Texas, USA
- 3-ply Face Mask
- ASTM Level 2
- Multi-Layer filtering effectively blocks dust and other particles in the air
- High quality non-woven fabric
- Earloop Style with nose clip
- For use in polluted environments, in industrial environments, and outdoors

Product Description:

- BFE (Bacterial Filtration Efficiency) $\geq 99\%$
- PFE (Particle Filtration Efficiency) @ $0.1 \mu\text{m} \geq 99\%$
- Blood Penetration Resistance $\geq 120 \text{ mmHg}$
- Easy to breathe through, $\Delta P < 3 \text{ mm H}_2\text{O/cm}^2$
- Soft, odorless, and non-irritating
- Latex-free, fiberglass free, non-sterile

Technical Specs:

Item: Disposable 3-Ply ASTM Level 2

Respirator Filter Class: 3 Ply

Exhalation Valve: No

Nose Clip: Yes

Face Seal: None

Mask Size: Universal

Nuisance Odor Removal: None
