

## FM-7 3-Ply Face Mask for Kids

Our 3-ply mask for kids is made of high-quality cotton and non-woven filter cloth, adopting a 3-ply structure. The outer ply is made by moderately thick and flexible non-woven fabric to resist dusts and ashes. The middle ply is made up from a melt-down BFE95 material to stop particulate substances. The inner ply made of ultrafine fiber is skin friendly.

3016016771

Our 3-ply Children's mask is specifically developed for use by kids in their everyday activities. This mask offers protection against dust, automobile exhaust, pollen, and bacteria. The elastic ear loop was tested thoroughly and holds up for every day wear, ensuring no excess pressure to the ears. Our masks are made of environmentally friendly material and are moisture-proof, non-toxic, non-irritating, soft and comfortable., public occasions.

## Face Mask Features:
