

Safety & Protection Products

Level 1 Isolation Gown

Our Level 1 isolation gown is designed for reliable and comfortable protection without restrictions on body movement.

The gown provides protection and acts as a lightweight protective barrier against liquids, dust, and grime.

AAMI guidelines are a widely accepted system of classification for protective apparel based on liquid barrier performance, and our gown conforms to AAMI Level 1.

The gown helps reduce the risk of contamination and transmission of infectious organisms.

It is made from PP non-woven fabric that give medical personnel the confidence and comfort they need to deliver the best possible patient care.

Safety & Protection Products
